1. Introduction

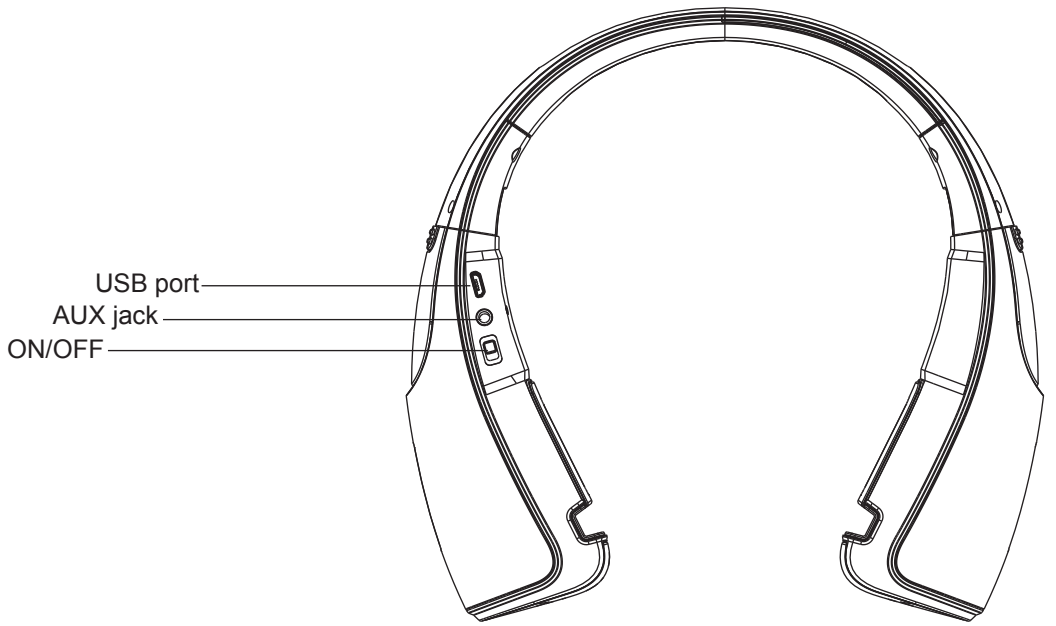
Thank you for purchasing the FAVI Boomerang Wireless Surround Sound System, an innovative portable tablet stand, speaker and amplifier. This device can be easily connected with audio or video devices for your travel and daily needs. The Boomerang Mini supports both Bluetooth and Aux-in function.

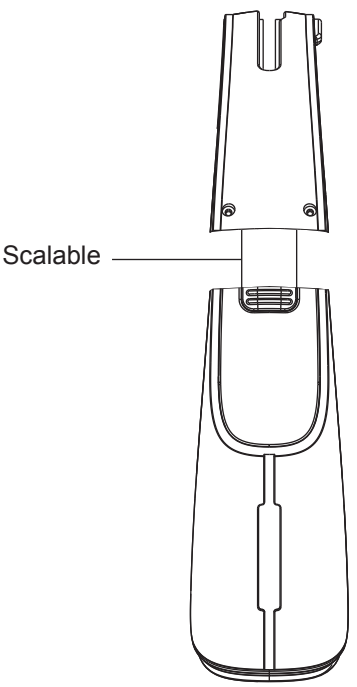
2. Battery Precaution

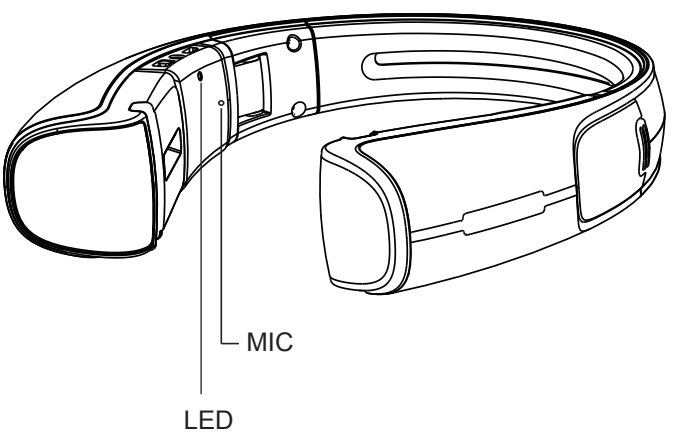
The device can be powered by a built-in rechargeable lithium battery. Please charge the battery for at least 8 hours before your first use of device.

- If the device is not used for a long period of time, the battery may be out of power. Please charge the battery.
- Rechargeable batteries are only to be charged under adult supervision.
- Use only the supplied USB micro cable to recharge the battery. Improper charging may damage the battery and the device.
- Do not attempt to open the rechargeable battery or battery pack. There are not serviceable parts inside.
- Should a battery leak, the device may become damaged. Clean the battery compartment immediately, avoiding touching your skin.
- Keep the battery out of reach of children. If swallowed, consult a physician immediately.
- Avoid storing the battery in extremely hot or cold environment. A device with a hot or cold battery may not work temporarily, even when the battery is fully charged.
- Do not dispose batteries in a fire as they may explode. Batteries may also explode if damaged. Please dispose them according to local regulation. Do not dispose them as household waste.

3. Getting Started

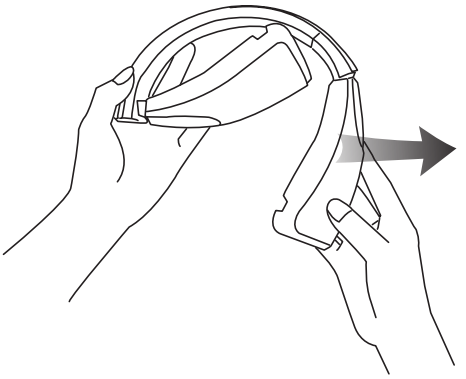




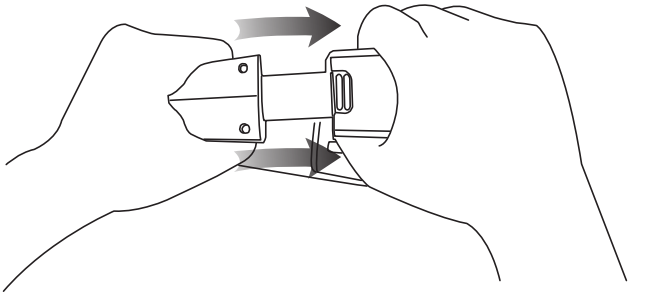


4. Installation Operation

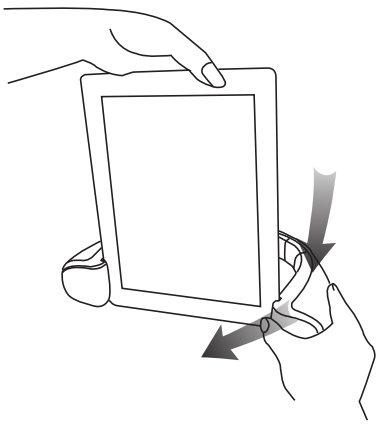
1. Unfold the speaker



2. Stretch two arms to fit big size tablet pc



3. Put your tablet on the stand



4. Adjust the angle to desired position

5. Connect your tablet via Bluetooth or Aux-in

AUX-IN

⚠ WARNING:

1. The Speaker Suits Tablet PC Within 10 Inches

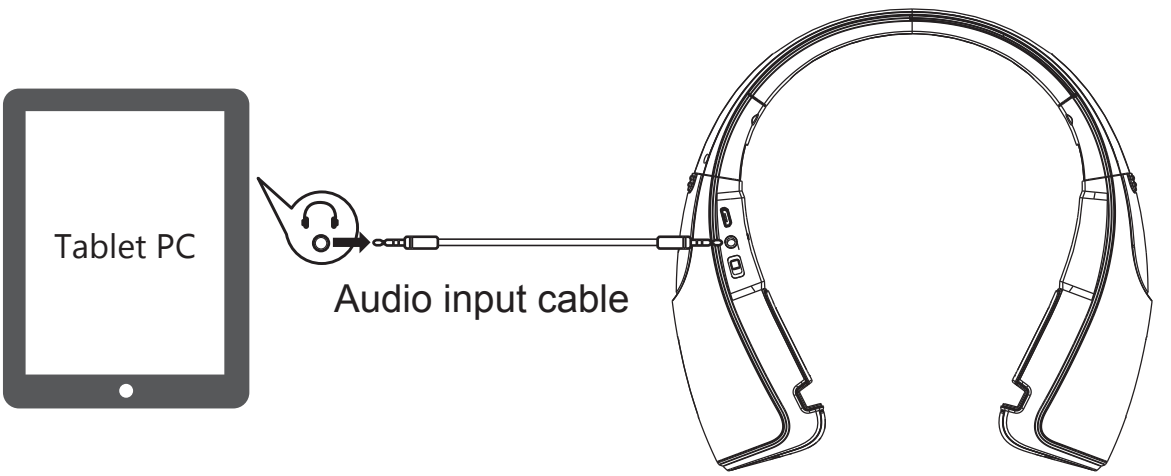
5. Cable Connection



6. Bluetooth Connection

Pairing Boomerang to your tablet (tablet should be within 10 meters of the speaker)

1. Activate pairing mode on Boomerang by switching “ON/OFF” button to “ON”. The LED will flash in green color.
2. On your tablet, navigate to the Bluetooth function (refer to the tablet owner’s manual to locate Bluetooth function).

3. Select “Set Up” Bluetooth or turn “ON” Bluetooth.
4. Select “Search” or “Discover” devices.
5. Select “Bluetooth”.
6. If requested type the password 0000
7. Press the Enter key.

After completing the steps above, a message on your tablet will appear to confirming that your device is now paired/connected.

In case of unsuccessful pairing, Push to “OFF” and restart it to “ON”.

If you turn off the device, but the Bluetooth on your tablet remains open, when you restart the device, the Bluetooth will be connected automatically.

7. NFC Connection

NFC: Near Field Communication, is a set of standards for smartphone / tablet and this speaker to establish Bluetooth radio communication with each other by touching them together or bringing them into close proximity, usually no more than a few centimeters.

Please activate the NFC function (subject to tablet or smartphone setting) of your bluetooth device. Bring your bluetooth device close to speaker, as shown in the above picture.

Your bluetooth device will ask you whether you need to pair the speaker, confirm by “Yes” or “OK”, then the pairing process is completed.

8. Microphone usage

When a phone call comes in, you can talk through the microphone on speaker.

9. LED Display Status

	LED Display	Light indication
Green Light	Flash quickly	Low battery
	Flash slowly	It’s ready to pair
	Solid	It's paired
Red Light	Solid	Charging in process
	OFF	Fully charged

10. Battery Charging

The device has a built-in rechargeable lithium battery that can be charged by connecting to the USB port of your computer or into an AC adapter which contains a USB port. When charging is completed, the red light will go off.

11. Product care

Your device is designed to be light, compact and durable. It is an electronic device and must be treated carefully. Putting unnecessary pressure on it or striking the device against other objects may cause damage.

- Do not drop, crush, bend or apply excessive force to the device.
- Do not expose your device to moisture, extreme or prolonged heat, cold, humidity, or other adverse conditions. Avoid storing it in damp, humid or wet places. It is not waterproof.
- Clean the unit with a soft cloth or damp chamois leather. Never use solvents.
- Only qualified personnel can open the device.
- This device contains magnets. Keep magnetic field sensitive products such as credit cards away from this device to avoid damage or malfunction.
